

With more than one in four Texans and one in three Houstonians currently lacking health care coverage, everyone needs accurate and timely information on the new federal healthcare legislation - when will programs begin and how will our community and my family be impacted.

One Voice Texas, United Way of Greater Houston, Gateway to Care, and Harris County Healthcare Alliance invite you to join them in a presentation by the Center for Public Policy Priorities Health Reform Team.

**TEXAS VOICE FOR HEALTH REFORM**  
**Monday, July 12, 2010**  
**United Way of Greater Houston, 50 Waugh Drive**  
**Houston, Texas 77007**  
**RSVP Deadline: July 8, 2010**

The Center for Public Policy Priorities (CPPP) will present two forums. The morning presentation will focus on the role of Texas in shaping access to coverage, best practice models for implementing health reform, and details regarding Medicaid, health insurance regulation reforms, and the legislation’s impact on businesses and state and local governments. This session is recommended for public policy and healthcare professionals and those organizational leaders whose work will be impacted by healthcare reform.

The afternoon presentation is titled “Healthcare Reform and You”. It is an overview of the legislation, the basic building blocks of healthcare reform, timelines for major changes, how Texans will be impacted, the role of Texas government in reform, etc. This session is recommended for everyone including staff, volunteers, and Board members. We hope that you will share this invitation with others and encourage them to attend.
